RIZZI PROSECCO €9

USELESS INFORMATION

GLUTEN-FREE FOOD

If you are a coeliac, we will do whatever we can to accommodate your gluten-free needs. If you suffer from gluten intolerance, there is a good psychotherapist down the road that you might want to see.

CAR PARK

You are welcome to avail of our free car park, but don't forget that you are currently in Phibsborough. There is a good chance the vehicle won't be there when you return.

BREASTFEEDING

Contrary to popular belief, breastfeeding is allowed in our café. There is a corkage charge payable of €5 for one breast or a special deal of €7.50 for two. You can't be bringing in your own milk when we have perfectly good milk here for sale.

VEGANS

Vegans will not be shot dead at point blank range if they have the decency to give us 24 hours notice of their arrival.

KIDS

If your kids scream persistently, I will have no choice but to put Valium in their juice. If they run around the café unsupervised, they will be restrained in straitjackets, brought in to our kitchen and walloped repeatedly with a golf club.

COOKED TO ORDER

All our food is cooked to order. This can take time. If you want fast food, there's a McDonalds in Phibsborough village. I wouldn't advise going there as you may be eaten alive by some local zombies. Walking through Phibsborough can be a little like walking through the film set of Night of the Living Dead.

WI-FI

Our Wi-Fi code is "ineedcoffee". This does not leave the room. If you divulge this important information to others, you will receive a public lashing at Phibsborough cross.

REVIEWS

Please remember that negative online reviews are not always necessary. If you have an issue and you tell us about it when you are here, we can do something about it. If you don't say anything to us and you go home to write a bad review instead, you are a mindless idiot.

DECAF COFFEE

We don't do decaf coffee as we don't want you getting too relaxed at our tables and outstaying your welcome. Your money is important to us, but so is the money of the people who'll be sitting at your table in the next few minutes.

ALLERGENS

We don't believe you need to read War and Peace when you go to a café, so the 1,225-page version of our menu, detailing the many allergens included in our dishes, can be found behind the coffee dock. Please ask one of our exceedingly good-looking staff members if you require this.

Many thanks for taking the time to read this very important information. If you take it seriously, you need your head examined more than I do.
